EXECUTIVE SUMMARY

The Commonwealth of Pennsylvania joined 45 other states in November 1998 in a master settlement agreement (MSA) with the tobacco industry, estimated to total \$206 billion over the first 25 years. Pennsylvania's share was estimated to be about \$11 billion between the years 2000 and 2025. Act 2001-77 allocates funds from the MSA for several health-related initiatives.

This report summarizes tobacco settlement fund payments for the period of July 1, 2022, to June 30, 2023, for two areas: uncompensated care for hospitals and Medical Assistance for Workers with Disabilities (MAWD). The Home and Community Based Tobacco Settlement Funds transitioned to a new appropriation in Fiscal Year 2018 -2019 to offset General Funds in the Community HealthChoices appropriation.

UNCOMPENSATED CARE FOR HOSPITALS

Purpose and Description

The Tobacco Settlement Act of 2001 (Act 77), Chapter 11, established the Hospital Uncompensated Care Program to provide funding to hospitals that serve uninsured and/or low-income Pennsylvania residents. The Hospital Uncompensated Care Program is itself divided into two components – the Uncompensated Care (UC) Payment Program (which receives 85 percent of the available funds) and the Extraordinary Expense (EE) Payment Program (which receives the remaining 15 percent of the available funds). Act 77 specifies several requirements that a hospital must meet in order to be eligible for inclusion in the program’s payment calculations. The purpose of the UC program is to annually pay hospitals based on the portion of uncompensated care provided to patients. The EE program pays hospitals based on the portion of the cost of services provided to uninsured patients with very high costs. According to Act 77, if qualified under both programs, a hospital may elect to receive payment under the EE program in lieu of payment under the UC program. Dually qualified hospitals are notified and provided the opportunity to elect payment. For the state fiscal year (FY) 2022-2023 Hospital Uncompensated Care program, 175 Attestations of Compliance were mailed to hospitals. Of those 175 attestations, 174 were returned indicating compliance. In state FY 2022-2023, UC program payments totaling \$54,267,362.63 were distributed to 76 hospitals and 41 hospitals received EE program payments totaling \$9,576,593.41. In total, \$63,843,956.04 has been distributed through the Hospital Uncompensated Care Program, of which \$33,198,857.14 is federal money.

Benefit to Commonwealth

This hospital funding benefits the commonwealth by promoting access to care for uninsured patients. The direct beneficiaries are Pennsylvania hospitals that are in the top half of hospitals treating Medical Assistance, Supplemental Security Income/Disabled and uninsured patients. Hospitals that incur occasional high extraordinary expenses treating uninsured cases can also benefit from the program. As these payments will help ensure the financial stability of qualified hospitals, the program also benefits the aforementioned patient populations.

Additional Issues

Arbitration Panel Decision

In October 2013, the Pennsylvania Attorney General’s Office notified the Governor’s Budget Office that the state’s annual share of the tobacco MSA would be reduced by approximately 54 percent of the state’s base tobacco payment (an estimated \$180 million) as a result of a decision by an arbitration panel to address claims from 2003. Arbitrators had penalized Pennsylvania, finding that in 2003 it did not “diligently enforce” certain laws that require the collection of taxes and other payments from all tobacco companies, including ones that are not part of the 1998 settlement. In November 2013, Pennsylvania Attorney General

Kathleen G. Kane asked the Common Pleas Court in Philadelphia to overturn that arbitration decision. Judge Patricia McInerney denied the state's motion to vacate the arbitrators' decision; however, she granted the financial relief the state had requested. Because the arbitration decision was modified, the payment was reduced by an estimated \$100 million instead of the original estimated \$180 million.

Audit of Hospital Uncompensated Care Program Payments

The Department of the Auditor General (DAG) began auditing Hospital Uncompensated Care EE program payments with FY 2000-2001. The purpose of the DAG post-payment review of the EE program payments was to determine whether proper documentation existed to support the claims submitted as extraordinary expense eligible and whether each hospital received the payment to which it was entitled.

DAG later added review of UC program payments. The purpose of the DAG post-payment review of the UC program payments was to determine whether proper documentation existed for the 15 data elements utilized by the Department of Human Services (DHS) to determine hospital UC scores and to ensure each hospital received the payment to which it was entitled.

Beginning with the FY 2018-2019 Hospital Uncompensated Care program and continuing in FY 2022-2023, DAG has instituted a pre-payment review of both EE and UC program payments. DHS and DAG agreed that review of the data underlying the payments prior to issuance of payments for the period would improve assessment of the overall accuracy of data submitted by hospitals to the Pennsylvania Health Care Cost Containment Council (PHC4) and to DHS and support availability of current and correct data for the eligibility determination and payment calculation. Hospitals were notified of changes in the DAG review process by both DAG and DHS.

Disproportionate Share – Upper Limit Issues

As required by Act 77, DHS obtained federal matching funds per state plan amendment approval on March 24, 2003 (effective July 1, 2002). Section 1923(g) of the Social Security Act, 42 U.S.C. §1396r-4(g), Omnibus Budget Reconciliation Act (OBRA) '93', mandates that no hospital receiving supplemental payments that include federal monies may exceed their hospital-specific disproportionate share hospital (DSH) upper payment limit (UPL). From its inception through FY 2009-2010, Hospital Uncompensated Care Program eligibility determination and payment distribution were considered late in the fiscal year, with the Hospital Uncompensated Care Program payment applied to the DSH UPL last in the sequence of DSH program payments. In FY 2010-2011, the department implemented a procedure change by using a hospital's DSH UPL prior to other DSH program payments, rather than the DSH UPL remaining after other DSH program payments, to determine hospitals over their DSH UPL for the Hospital Uncompensated Care Program payment. This change allowed the department to determine Hospital Uncompensated Care Program payments up to the hospital's initial DSH UPL and resulted in fewer hospitals exceeding their DSH UPL due to an UC or EE program payment. Where necessary, the department will recover payments from other DSH programs in excess of a

hospital's DSH UPL. As a result of this change, the information in Attachment 5 reflects the following:

- Hospitals Over Limit – Qualified for UC or EE Payment
- Hospitals Over Limit – Not Qualified for UC or EE Payment
- Hospitals At Limit – Received Payment Up to Limit

Description of Attachments

- Attachment 1- A listing of all hospitals eligible for consideration in calculations for FY 2022-2023 UC or EE program payment.
- Attachment 2- Hospitals qualified to receive UC program payments for FY 2022-2023, the affiliation for each hospital, the hospital's UC score, and the amount of UC payment each hospital received.
- Attachment 3- Hospitals qualified to receive EE program payments for FY 2022-2023, the affiliation for each hospital, and the amount of EE payment each hospital received.
- Attachment 4- Hospitals receiving either UC or EE payments for FY 2022-2023 are grouped by affiliation.
- Attachment 5- A summary of hospitals with DSH UPL issues for FY 2022-2023.
- Attachment 6- A comparison of state appropriations to expenditures for each fiscal year.
- Attachment 7- An overview of the methodology used to calculate UC and EE payments.

A = The difference of \$49,641.77 between the appropriation and the expenditure is due to the status of HEALTHSOUTH Rehab – Lake Erie. This facility returned their tobacco payment because they did not meet the requirements of the legislation.

B = The difference of \$1,361,996.50 between the appropriation and the expenditure is due to the audits completed by the Auditor General (AG). The final total for Extraordinary Expense costs is less than the total allocation available.

C = The difference of \$3,297,152.71 between the appropriation and the expenditure is due to the audits completed by the AG. The final total for Extraordinary Expense costs is less than the total allocation available.

D = The difference between the appropriation and the expenditures is due to the audits completed by the AG. The final total for Extraordinary Expense costs is less than the total allocation available.

E = The difference of \$1,583,179.66 between the appropriation and the expenditures reflects the on-going DSH-UPL process. This money was redistributed in May 2006.

F = The difference of \$2,049,062.73 between the appropriation and the expenditures reflects the on-going DSH-UPL process. This money was redistributed in August 2007.

G = The difference of \$1,167,671.64 between the appropriation and the expenditures reflects the on-going DSH-UPL process. This money was redistributed in February 2008.

H = The difference of \$15,281.28 between the appropriation and the expenditures is due to the recoupment of Bryn Mawr Rehabilitation Hospital's Extraordinary Expense payment. Further review revealed that the hospital had not resolved its DSH-UPL issues and was not entitled to payment.

I = The difference of \$88,874.18 between the appropriation and the expenditures is due to two eligible and qualified hospitals that were unable to receive their extraordinary expense payments due to unresolved UPL issues.

J= The difference of \$89,581 between the appropriation and the expenditure is due to adjustments related to the COVID-19 Federal Medical Assistance Percentages Increase. In addition, \$326,958.64 in federal expenditures were posted to the General Fund.

Methodology

UNCOMPENSATED CARE (UC) PAYMENT METHOD

Each hospital with a UC score that meets or exceeds the median for all hospitals qualifies for payment.

An eligible hospital's uncompensated care score is the sum of the following, using average data from the most recent available three-year period:

1. The number of medical assistance (MA) inpatient days as a percentage of total inpatient days.
2. The number of Medicare Supplemental Security Income (SSI) days as a percentage of total inpatient days.
3. The amount of UC provided as a percentage of net patient revenue (NPR) based on the most recent hospital financial analysis data reported to the Pennsylvania Health Care Cost Containment Council (PHC4).

Payments to qualified hospitals are calculated as follows:

1. Multiply the hospital's UC score by its three-year average total inpatient days.
2. Divide this product by the sum of the products for all qualified hospitals to arrive at a share percentage for each hospital.
3. Multiply each hospital's share percentage by the total allocated funds to determine individual hospital UC allocations.

UC payments are capped at both the individual hospital's reported three-year average UC amount and the hospital's specific disproportionate share UPL.

The balance of the pool that remains after applying caps is redistributed to the remaining hospitals in the same manner as above.

EXTRAORDINARY EXPENSE (EE) PAYMENT METHOD

Hospitals qualify for payment under the EE payment method if the hospital provided uncompensated care to a patient with extraordinary expenses in the most recent fiscal year for which data is available. An extraordinary expense is defined as the cost of a hospital inpatient service provided to an uninsured patient which exceeds twice the hospital's average cost per stay for all patients.

Utilizing the most recent year of data received from PHC4, claims are selected that have a self-pay or no insurance indicator. Hospitals are provided the opportunity to review claims and adjust the indicator by PHC4 prior to calculation. Hospitals that do not adjust claim status per the results of the DAG review are not included in the determination. Eligibility and payment amounts are calculated as follows:

1. Determine the average charge per claim for each hospital by dividing the total charge for each hospital by the total number of claims for each hospital.
2. Apply PCH4's hospital-specific MA cost-to-charge ratio to each hospital's average charges to determine the average total cost for each hospital.
3. Identify EE claims, defined as individual claims where the cost of the claim exceeds twice the hospital's average cost per claim.
4. Add the costs of EE claims by hospital.
5. Divide each hospital's EE costs into the grand total of EE costs for all hospitals to arrive at each hospital's EE share percentage.
6. Multiply each hospital's EE share percentage by the total allocated funds to determine individual hospital EE allocations.
7. Allocations are the lesser of the actual costs of the qualifying claims from step 4 or the amount calculated in step 6.

PROGRAM ADMINISTRATION AND PAYMENT DISBURSEMENT PROCESS

On an annual basis, a UC data validation package is mailed to every acute care, medical rehabilitation and psychiatric disproportionate share hospital enrolled in the Pennsylvania MA program. This package is comprised of a letter, an Attestation of Compliance and a data sheet. The attestation addresses the requirements of a charity care plan and uniform reporting as stated within Act 77 of 2001. Only those hospitals that return a signed attestation affirming compliance with the Act are considered in the calculations for both UC and EE payment methods. The purpose of sending the data sheets is for hospitals to verify the data reviewed by the Department of the Auditor General and the opportunity to submit any relevant corrections to the MA-336 Cost Report. Appropriate documentation is required for any requested changes.

1. Once the data is verified or corrected by the participating hospitals, payments are calculated as outlined above.
2. Hospitals that qualify for both UC and EE payments are notified and provided with an opportunity to elect the EE payment in lieu of the UC payment.
3. Based on selections, payments are recalculated.
4. UC and EE payments are disbursed.

PENNSYLVANIA'S MEDICAL ASSISTANCE FOR WORKERS WITH DISABILITIES (MAWD)

Background

The Ticket to Work and Work Incentives Improvement Act of 1999 (also known as the Ticket to Work) was passed by Congress with the purpose of eliminating barriers to employment faced by people with disabilities (PWDs). The Ticket to Work gives states the option to permit PWDs to work and to buy into Medical Assistance (MA). Pennsylvania exercised this option with the passage of the Tobacco Settlement Act (Act 2001-77 of June 26, 2001 (P.L. 755). On January 1, 2002, Pennsylvania utilized a portion of the funds from the Tobacco Settlement to begin operation of its Medicaid Buy-In program, known as Medical Assistance for Workers with Disabilities (MAWD). MAWD improves access to health care coverage for working PWDs. Individuals enrolled in MAWD may pay a premium for coverage, based on their countable income, and receive Categorically Needy MA coverage, which offers the full range of services provided under MA eligibility requirements.

The establishment of MAWD created two new MA eligibility groups: Worker with a Disability, and Worker with a Medically-Improved Disability.

To be eligible for MAWD as a Worker with a Disability, individuals must meet the following requirements:

- Be at least 16 years of age, but less than 65.
- Be disabled according to the Social Security Administration (SSA) or departmental review.
- Have monthly income less than 250 percent of Federal Poverty Income Guidelines.
- Have resources less than, or equal to, \$10,000.
- Be employed and receiving compensation (no minimum monthly hours or earnings required).

To be eligible for MAWD as a Worker with a Medically-Improved Disability, individuals must meet the requirements listed above, and these additional requirements:

- Have previously had ongoing coverage under the Worker with a Disability group.
- Have a medically-improved disability that no longer meets SSA criteria.
- Be employed at least 40 hours per month and earning at least minimum wage.

All individuals enrolled in MAWD must pay a premium of five percent of countable (net) monthly income. The premium is waived when the monthly premium amount is under \$10.

Individuals interested in MAWD may apply through their local county assistance office (CAO) or online via COMPASS, Pennsylvania's online application for social services.

Impact

Prior to the implementation of MAWD, many PWDs would not enter the workforce because earnings from work would make them ineligible for MA. With the implementation of MAWD, PWDs on MA can now obtain a job and maintain their health care coverage. In addition, working PWDs who lack insurance, or are underinsured, can apply for MAWD and obtain necessary health care coverage.

MAWD pays for potentially expensive medical treatment and prescriptions that many individuals require in order to maintain employment. However, some of these individuals have Medicare Part A, Part B and Part D coverage. MA continues to be the payer of last resort. Retaining MA coverage allows these individuals to stay in the workforce and remain productive citizens.

As of December 2022, MAWD had 28,910 PWDs enrolled in the program.

NOTE: Numbers do not include Medically Improved Category MAWD (PI). There have been fewer than five individuals enrolled per quarter.

The decline in December 2015 is due to MAWD enrollees being eligible for, and being moved into, other MA categories, primarily the Medicaid expansion group.

Historical MAWD numbers have been refreshed and will not match what was reported in previous report.
